

Expressly For Fun A Regatta for the Whole Family

July 9-10, 2011 Huguenot YC to Stamford YC and Back

Everyone is invited to participate in Huguenot Yacht Club's **Expressly For Fun** that is designed to bring back the fun of racing and cruising. Because everyone spends the night on their boats, we have a rule that you can't have more crew than the number of bunks on your boat. The exception is for kids, bring as many as you want.

Entrants can choose to race in non-spinnaker, cruising spinnaker, or spinnaker divisions. If you organize five or more one-design boats we will give you a start as well. To keep the racing less nerve-wracking for those who don't race often, we use the "Pursuit Format." The slowest boat starts first and the fastest boat starts last. There is only one boat on the starting line at a time, unless there are others with the exact same rating. In a pursuit race, the first boat to the finish line wins; no post race mathematics.

On Saturday after racing we have a delicious dinner party where tons of trophies are awarded at Stamford YC. On Sunday we do it all again; race back and then have a great barbecue and more awards at Huguenot YC.

This regatta is designed to be fun — and drifting around in the summer heat is not fun. Therefore, if there is no wind at the designated starting time, we will move the starting line closer to the finish. Everyone gets to the party on time! Over the years, half the boats have been sailed by husband and wife teams. Three-quarters of the boats had husbands and wives as part of the crew. In fact, one winning boat was steered by kids while mom and dad crewed.

So round up your family and friends, put a smile on your face and come join us on July 9th and 10th!
